

# A. R. MURRAY GIVES HIS REASONS FOR ENTERING CAMPAIGN

**Candidate For Selectman Criticizes Methods Used By Citizens' Committee In Selecting Candidates—Believes It Unnecessary For Person To Be Urged To Run For Office—Promises To Put Up Stiff Fight For Election.**

Mr. William Fellows, candidate for selectman and endorsed by the Citizens' Committee has been quoted as stating at the Tuesday evening meeting of the Committee was quoted as follows:

"When they came up to my home and asked me to allow them to use my name they said it would be a 'walk over.' I DON'T SEE WHY ANY BODY WANTS THE JOB. According to the press we got a fight on our hands and we will have to take our coats off and go to work."

Mr. Murray, when asked for an opinion regarding Mr. Fellows' remarks issued the following statement:

"It would seem to me that if it is true that Mr. Fellows made the remarks credited to him that (Continued on Page 5)

# CHRISTIAN SCIENCE THE CONQUEST OVER WRONG THINKING

In the Town Hall last evening, a lecture on "Christian Science: The Conquest Over Wrong Thinking," was given by John Randall Dunn, C. S. B., of Boston, under the auspices of First Church of Christ, Scientist, of Cambridge.

He was presented to the large audience by Miss Amy Winn of Arlington, in brief remarks in which she announced that he is a member of the board of Lectureship of The Mother Church, First Church of Christ, Scientist, in Boston.

"Someone," said Mr. Dunn in his opening remarks, "once asked a very placid and irresponsible person if he never sat down and deliberately tried to think and reason along a given line. 'Well,' said the other, 'sometimes I do, but the minute I get to thinking I just naturally go to sleep!' Does not that in a large measure describe a mental state frequently encountered? As Mrs. Eddy puts it in the Christian Science textbook, Science and Health with Key to the Scriptures, page 95, 'The world is

# STEVENSON NOT TO DROP OUT OF RACE; OFFERS CONSTRUCTIVE PROGRAM

One of the most interesting letters received at the Daily News office this week comes from Walter N. Stevenson, candidate for board of public welfare. Mr. Stevenson is president of the Precinct 13 Civic League and a well-known town meeting member. His letter follows in full: 38 Park Ave., Extension Arlington, Mass., February 1, 1933 Arlington Daily News, Mystic St., Arlington, Mass. Gentlemen:

In view of the fact that there has been much talk about town as to my reason for aspiring to the office as member of the Board of Public Works and also to answer rumors that I would withdraw from the race under certain conditions, I wish to state this opportunity to state my case for the benefit of the citizens of Arlington.

In the first place, I have absolutely no intention of withdrawing under any circumstances. I entered the race upon request of my numerous friends in all parts of Arlington who have pledged me their support.

In presenting myself for this office I advocate the following measures:

Extension of Water and Sewerage Systems—Modern standards of living and modern systems of plumbing require that all homes within town limits have ready access to the town water supply and be connected with the public sewer. The number of homes now out of reach of town water and the number of cesspools in existence in a civilized community the size of Arlington is a disgrace to the town and a menace to the health of its residents. A rapid extension of these two systems is imperative if the health of the community is to be protected. The Board of Survey grade rule requiring streets to come to a certain grade before these improvements can be made is an obstacle which should be abolished. Sewer extensions which were properly petitioned for, which the local Board of Health had recommended, and which were to be in streets which the town had already seen fit to extend the town water system (which comes under the same rule), have been turned

# GEORGE LOWE AND JOHN E. MITCHELL ENTER CAMPAIGN

**Famous Athlete, Known All Over As "Bulger," To Be Candidate For Selectman—Mitchell Seeks Place On Board Of Public Works—Lowe Decorated By United States And France For War Service—Mitchell Studied Here And Abroad—Active Locally.**

After considerable speculation on the part of those who have been closely observing the political campaign in Arlington, it became definitely known yesterday that George H. Lowe, Jr. of 56 Mt. Vernon street and John E. Mitchell, of 20 Belton street had entered the race for selectmen and board of public works, respectively.

The entrance of these two candidates into the campaign leading to the annual town election on March 7 has been mentioned for some time but became definite yesterday.

**Lowe Is Well-Known**  
For the past fourteen years, Mr. Lowe has been New England manager for the A. C. Spaulding & Bros., corporation, handling credit and collections. His many supporters feel that his wide experience has developed in him the ability to analyze a situation, make a judgment and stand by it. He is the type that cannot be influenced, they feel, and his keen interest and knowledge of town affairs stamp him as an ideal candidate.

In athletic circles all over the country, he is familiarly known as "Bulger." He is one of the best known Arlingtonians of his generation.

Mr. Lowe was born in Arlington, June 21, 1895, educated in local public schools and graduated from Arlington High School in 1913. In his senior year he captained the football, hockey and baseball teams, all of which made remarkable records under his leadership. Later he attended Exeter, playing end on the famous 1913 "Iron Man" team of that autumn, which in the

Otto V. Rose, the Citizens' Candidate is out to fight for the job to the finish. He is a well-known contractor and builder and has lived here twenty-five years. He is a substantial taxpayer and pledges himself to economy. Mr. Rose points out that he will be available every day, if elected. In 1932 the candidate stepped aside for Mr. Adams, he claims, with the understanding that he should have the endorsement of the Citizens' Committee this year. The Committee failed to endorse him at its meeting this week and Mr. Rose is now in the fight as the Citizens' Candidate. He feels that very little, if any discussion, was allowed on the qualifications of the various candidates selected by the Citizens' Committee and that he received a poor deal. He claims the Committee has lost many followers because of its methods.

**Rev. John N. Mark To Offer Series On "Personality"**  
Rev. John Nicol Mark, pastor of the First Congregational Parish, Unitarian Church, will give the first of a series of sermons on "Personality" at the Morning Worship next Sunday. He will preach on "What is a Wholesome Personality?"

Several members of the Gill Club will have a part in the service in observance of Young People's Sunday. Members of the Gill Club will usher. The service will be at 10.45 a. m. The full program will be published in tomorrow's Daily News.

**Three Local Boys Missing**  
Missing from their homes since 9 o'clock yesterday morning, three Arlington boys were still being sought by the local police up to a late hour last night. Fear is felt for their safety.

The three missing boys are Thomas Carroll, 6; John Carroll, 3; and John Brennan, 5, all of 135 Forest street. All three were wearing stocking caps and plaid jackets. Any information as to their whereabouts should be given to the police immediately.

**Hauser May Enter Race For Selectman**  
Coming up most unexpectedly, the rumor that William O. Hauser, chairman of the board of selectmen, would enter the race and seek re-election practically took everybody by surprise yesterday.

Chairman Hauser's announcement at the very start of the campaign that he would not be a candidate for the office which he expected to give up in March was practically the opening shot of the campaign. Since then several candidates have thrown their hats into the ring and are seeking the office which Selectman Hauser was to vacate.

In an attempt to verify the rumor that Mr. Hauser had changed his mind and would run for office the News interviewed him yesterday. Although he stated that he had not as yet entered the race, Mr. Hauser admitted that he would very likely enter the campaign and seek another three year term. He said, "I have been approached by so many people asking me to run for re-election that I am considering it very seriously. These people feel that this is no time to change administration and with their inducements and offers of help if I should run, I shall think the matter over and do what I believe is the right thing. I believe that these people are sincere in their desire to re-elect me next March. For the present, I have nothing definite to state."

# Fellows Pleased With Support

J. William Fellows, Citizens' Committee candidate for selectman, seems more than pleased with the honor conferred upon him by the committee. Referring to his candidacy, yesterday, he said:

"I wish to express my appreciation of the kind thoughts that prompted the citizens who asked me to become a candidate. I was gratified to be endorsed by the Committee which has endorsed so many excellent town officials in the past. I am equally surprised and pleased at the number of citizens who have offered their support and assistance. An active campaign is a new experience to me but so far has been enjoyed. I am looking forward to the remainder of the campaign with interest."

**THE PUBLIC DECIDES**

The sharp criticism of the Citizen's Committee indicates that their conclusions will be subjected to close scrutiny and quite naturally there will be those who differ with their findings.

We know there are some very capable and representative citizens on this committee and their efforts will be followed with interest.

The courageous stand taken by Rep. Hollis M. Gott and Arthur Murray should help to bring the political situation out into the open.

In our democratic form of government the selection of candidates for public office is everybody's business, however if any group can assist in presenting candidates with outstanding ability their efforts should be appreciated.

After all our public officials are the servants of the people and they have the power to determine who shall serve them.

**HELP YOUR FRIENDS AND YOURSELF**

Now comes an opportunity for every American to help put millions of unemployed fellow-citizens back to work.

In every corner of the country the call is being sounded, "Give Work. Buy American-Made Goods." To those who heed this call will go the credit for having saved the nation from its crisis.

Your support is needed; you are the buyer of goods. When you buy a product made in America, you answer that appeal—you give work to Americans.

Decide now to Buy American-Made Goods. Whether it's a pair of shoes, a tool, a fence, a watch, a lamp, or an article of clothing—whether it's a product you're going to use in constructing, remodeling or furnishing your home. Insist that what you buy was made in America. Let every purchase you make play a part in bringing back prosperity—for your friends, your family, yourself, and your neighborhood merchant. Be American—Buy American—Spend in Arlington.

**THINK MORE OF "THE OTHER FELLOW"**

The greatest problem of the present moment for each and every community to solve is that of helping the unemployed. The greatest problem of the winter months will be to keep the unemployed man and his family from suffering for the actual necessities of life.

Every family which has food and clothing and a warm home must "think of the other fellow" and share their blessings with him that he may not suffer. A little help from many families kept up week after week will meet the need. No man or woman should fail to do his or her part in helping others who are in need. As "many hands make light work" so many dimes and quarters make the dollars, and many small measures of food make the baskets full.

The greatest help is in making jobs for those out of employment. The predictions are that, in spite of all the relief measures started by the President and Congress, the 10,000,000 estimated unemployed now in the United States will increase in the next few months rather than decrease. This is one of the greatest problems President Roosevelt and his new Congress will have to face.

**Mrs. Sarah M. Powers**  
In "Our New England Authors" On Wednesday

Mrs. Sarah Merriam Powers, who will be the speaker at the dramatic afternoon planned for next Wednesday by the Mission Circle and the Samaritan Society of the First Universalist church of Arlington is no stranger to Arlington audiences.

Mrs. Powers has taken leading parts in the productions of the Friends of the Drama and her success as Martha in "Two Women and Washington" last year is well remembered.

Her program for Wednesday is the first of a series entitled "Our New England Authors in Prose and Poetry," which insures the interest of her audience from the beginning.

This is the third time the Mission Circle has given a dramatic afternoon and the first time the two societies have united in such an event.

The afternoon will close with a tea, with Mrs. Norman Griffin as chairman, assisted by Mrs. LeRoy Shaw, Mrs. Edward Shinn, Mrs. Lester Collins, Mrs. Florence Feehan and Mrs. Percy Moody. The members of this committee are also in charge of tickets.

**Mrs. Stephens In Charge**

The group which numbered about 250, enjoyed a trip through the museum, an address by Leighton Rollins, founder and manager of the Surrey Players, and a short musical play in costume, "Goodnight, Babette."

The final afternoon of the series will be held March 15th, at the Museum of Fine Arts in Boston. Mrs. Stephens is in charge of reservations.

**THE NEWS OBSERVES**

Regardless of what the mission may be that brings people to our town, if it be of honorable intent, of long or short duration, let them leave with a favorable impression of Arlington and a desire to come again.

A conservative is a man who believes that nothing should ever be done for the first time, and, a radical is a man who believes nothing should ever be done except for the first time.

After the recent break, the Kelly Coal Company has installed a modern burglar proof safe. One of the safes removed was late type and defied the efforts of the cracksmen to reach the contents and only a small amount of cash was taken from the other one.

One of the most tragic things we are facing today in America is the number of men who are out of a job. Very few men of any intelligence, however, great their courage, can face unemployment without a certain amount of fear and terror. One of the greatest responsibilities that rests upon you and me as citizens today is to try to get everybody a job.

Belden & Snow are continuing their sale and have many fine values that will interest the thrifty buyer. The management of this store has always merited the highest respect of the buying public.

With Barry's Men's Shop and Frank Reidy's Shop also conducting similar sales, local men should not have much difficulty in finding real values right now.

We understand there are three types of drug stores. Class 1 is the drug store that advertises drugs and fills prescriptions and does a legitimate business along these lines. Class 2 is the drug store that handles patent medicines and does a little bootlegging on the side, and lastly, Class 3 is the drug store that carries a line of patent medicines simply as a blind and depends almost entirely upon the sale of liquor for its revenue. We are pleased to report that by far the large majority are in Class 1.

We more or less scorn reformers and uplifters these days but we certainly hope that out of the ranks of the youth of today will come those with courage and backbone enough to combat the element in our society that seems to hold the forces of law, order and decency at bay.

Have you tried a little reciprocity by patronizing our advertisers who make it possible for us to deliver the News free to your home every Friday? Mention the News the next time you make a purchase—they will appreciate it.

Even the most tolerant man sometimes has difficulty to refrain from being a bit irritated at the self appointed setter-to-rights-of-things-in-general.

The News is not controlled by any political group and regardless of which side of the political fence you may be on you may be certain that the columns of the News are open to you at all times.

You will make more friends in a week by getting yourself genuinely interested in other people than you can in a year by trying to get other people interested in you.

Locatelli's Spanish Shop is featuring a very attractive Jig-Saw Puzzle with a pound box of candy and a novelty Funny Farm Folks box of candy for children. Watch their advertisement for valentine novelties and special offerings appearing each week on page one of the News.

The Worcester Bar Association went on record that it would approve a bill to retire Judge Thayer on full pay and would reimburse him for the loss of his home which was bombed some time ago. A step in the right direction.

If as is frequently intimated there are several large tracks of land in Arlington still being assessed as farm land which should be assessed as house lots why not have the assessor give the public the facts. We should reserve our opinion until we know the facts.

We understand the Elevated Trustees are not in favor of financing an elevated loop in the proposed Arlington Center location.

**Contest Trophies On Display In Local Stores**

Much interest is being shown in and about the cities in which schoolboy hockey players reside, especially those in Arlington, over the coming dance and reception to the schoolboy hockey captains at Pitman Academy, High street, Winthrop square, Medford, Friday evening, February 10.

Who will be voted as the most popular schoolboy hockey player and receive the Mayor John H. Burke trophy, which is on display at Wymann's on Massachusetts avenue, is a topic being discussed by all hockey fans in Arlington.

The Thomas O'Brien trophy for the Miss Greater Boston contest, which is on display at the Arlington Coffee Shoppe, on Massachusetts avenue, is creating a topic of conversation among the weaker sex.

George Owens of the Boston Bruins is to be the guest of honor.

As each person enters the hall he or she will be presented a ballot on which they will vote for the young man whom they consider the most popular in the schoolboy ranks. Those counting the votes will be John Mullen, noted authority on hockey, Joseph Doherty, sports writer of note, Bob Forest, sports editor, Arlington Daily News, while the several captains look on.

The committee is headed by Fred McDermott, Medford school-committeeman. Mr. McDermott is being assisted by Miss Margaret MacDonald, Albert Hackett, Robert Hudson, Joseph Lapore, John Mullen, noted hockey authority, Honey Block, Dorothy Small, Mildred Burnett, Dorothy Barrett, Eleanor Lynch, Jimmie Knox, President of the Arlington Pals, Eleanor McCarthy and others.

The members of the committee wish to thank the Arlington merchants for their cooperation.

**Arlington A. A. Teams Win Two Fast Games**

The Arlington Athletic Association made it 11 out of 13 games so far this season by defeating the Woburn Y.M.C.A. 46-28 at the East Junior High Wednesday night. The Arlington team showed a different attack which enabled them to pass completely around the bewildered Woburn team and thereby pile up a commanding score.

Goodwill was the outstanding ball handler on the flood stealing the whole show with his wizardry passing and Ed. Galucci scored 18 points to continue at the top of the league scorers. Ed was playing the game of his life and also showed that he can jump center with the best of them.

The first period was off to a whirlwind start and ended 10-5 in Arlington's favor and the half ended 20-12 still in the local's favor. In the last half the Big Red Team put on its biggest pressure and increased its lead so that there was no serious chance of being overtaken. Bobby Winn was put out of the game with four fouls in the last period and Ace Bailey replaced him. The difference was soon noted with Woburn scoring three times.

The Arlington Second team defeated the Somerville Crusaders 21-20 in a game that was packed with thrills from start to finish and the Somerville team came back strong in the second half after being in the rear at the half by a 16-11 score.

## Looking Inside

Non-partisan politics in Arlington? Ten years ago, yes, but not now.

We have two finely named Committees each endorsing some sort of a list of candidates for Town officers.

Let's be honest, why not drop the high sounding names of those organizations and call them what they are.

Democratic and Republican.

Do you know, I believe that both organizations would get more supporters if they called themselves what they are.

"Pomme-de-terre, chaude" is only French for hot potatoes.

## Local Woman Seeks Divorce

Mrs. June Strong of Arlington, formerly of Lunenburg, was given a hearing before Judge F. H. Chamberlain in Probate Court Wednesday in an uncontested divorce action against Allyn T. Strong of Leominster on charges of cruelty and nonsupport.

She testified that she was married in 1931 and during that year lived in seven different houses because her husband would not pay rent. She also testified as to her husband's alleged cruelty to her son by a former marriage. Decision in the case was reserved by the court.

## Food Fair At Hutchinson's Next Week

Of unusual interest to the women of Arlington is the announcement that W. K. Hutchinson's Market will hold its annual Food Fair on Thursday and Friday, February 9 and 10.

The Market in Arlington Centre is well-known to local housewives and naturally it is expected that hundreds will visit the various departments of the Fair. Prizes, toys, samples of many delicacies and demonstrations of various food products are only a few of the features planned for the Fair. The market will be attractively decorated for the occasion.

A special prize of \$5.00 will be awarded to the holder of the lucky ticket and the Land O'Lakes company will give away a prize of 12 pounds of butter each day. The bakery will be open for inspection and each visitor will be given a loaf of the popular Golden Dawg bread free. During the Fair, each department will offer special items at attractively low prices. A tip to the wise—watch Hutchinson's circular which will be distributed a few days before the Food Fair.

## Letters Are Awarded To High Athletes

At a special assembly in the Senior High School yesterday morning the field hockey, cross country and football letters were awarded the first teams. With the presentation of the field hockey letters to the girls went the presentation of the Greater Boston Field Hockey Championship Cup, this being accepted by Capt. Pearl Gibson. Both first and second teams of the field hockey squad received their letters. Principal Herman W. Gammons presided. The coaches of the various activities of the school were present. The speaker was George Moriarty, well-known umpire.

Those receiving the letters were:

CROSS COUNTRY — Edward Hanlon, Theodore Foster, Wilbur Hall, John Mulcahy, Samuel Lowery, John Good, George Rollins and Howard St. John.

FOOTBALL — Capt. Edward Crovo, Gordon Clarke, Robert Bott, Frank Cannell, Richard Hardwick, William Bullock, Al Pochini, Edward Dale, Francis Ahearn, John Walsh, Willard Mitchell, Peter Manoli, Alfred Lane, Kenneth Weidaw, Walter McLean, Joseph Kennedy, Mitchell Guzelian, Creeley Buchanan, Gordon Wright, Charles Adams, Carl Blakeley, manager and Christopher Nolan.

GIRLS' FIELD HOCKEY — First team, Pearl Gibson, Capt-Elect Margaret Raleigh, Jane Waterman, manager; Barbara Hanson, Betty Boyle, Alice Alexander, Alice Halal, Eleanor Keane, Barbara Crampton, Marjorie Rimbach, Dorothy Richardson, Olive Jackson and Helen McCarthy.

Second team, Florence Silva, Phyllis Nelson, Patricia Keane, Winifred Marvin, Dorothy Robbins, Edith Purrier, Dorothy Carroll, Ruth Corbett, Edna Dennen, Janet Blanchard, June Owen, Marjorie Williams, Barbara Simmonds and Ruth Marshall.

The football team won the championship in the Mystic Valley League last Fall.

The Navy maintains twenty-one hospitals in the United States and beyond the seas to care for the health of its personnel.

## WELFARE COUNCIL ELECTS OFFICERS FOR PRESENT YEAR

With the election of new officers for the present year, the Arlington Welfare Council starts out on another active year. The election took place at the annual meeting held at the Council headquarters.

The officers elected are: Mrs. Roscoe Perry, president; Mrs. A. D. Woodworth, assistant president; Mrs. Clarence Johnson, vice president; Mrs. Emma Sprague, corresponding secretary; Mrs. Clifford Gleason, Recording Secretary; Mrs. W. D. Sawyer, treasurer.

Plans were made for carrying on the work for another year. Mrs. R. Murphy reported that part of the money received for Christmas Seals would be used for general relief work in the County.

The report of the treasurer cannot be given at this time owing to illness but it is hoped to include a complete report at the next regular meeting.

It was voted to give five dollars for one month to be used to supply hot soup to the pupils of Arlington Junior High West. These children have to walk a long way and carry cold lunches to school. It is expected that those children who are able to pay for the soup will do so but all children will be served.

It was reported that the Town had paid the Welfare Council for postage expended in work especially for the Town. Among the list of unemployed who are trying to help themselves is a man who has taken up the unusual task of "doing family washes".

It is hoped that if any of the people who read this item have laundry work to be done that they will give this man a trial as his work has been proven satisfactory. He will gladly call for and deliver work. Call Arlington 6306 and the address of this man will be given you. The time is fast approaching when the cellars and yards need attention.

The Council has plenty of good workers who need the money. Call the Welfare office and let them send you a worker. Look around and see what odd jobs you have and then call Arl. 6206.

A message from the Council states:

"We are sorry to say that

people have asked for help and when the man or woman reported for work they were informed that the place was filled.

"We know you don't realize what it means to these workers to think that they are going to earn a little money and then find that the work does not materialize. We again want to remind the children, especially, not to forget the Cliequot Club caps. We have just 2 months to collect them so get busy and do your best.

"Mrs. Perry reported that several layettes have been made by the High School girls. We are glad to write that the young ladies are doing their bit. We are going back to Christmas for just a comment.

"In our former reports on Christmas giving we thanked every one but now we want to mention that the local stores gave the perishable supplies they had on hand at closing time Christmas Eve. Had you been in the street after the stores closed you would have seen autos rushing from the stores to the Welfare Office where a force of workers received the supplies and finished filling the baskets.

"Again we say thank you to everybody for all your help and we know that the people of Arlington are going to continue to aid their unfortunate neighbors.

"We again appeal for children's shoes. We have none on hand. If there is any one in Arlington who still is in doubt about need for all these calls for help we ask you to visit the Welfare office and Mrs. Perry and her assistants will give you information that makes you change your mind."

## Arlington Kiwanis Activities

1933

Meets Thursdays, 12.15 P. M. at Wyman's

The speaker at yesterday's meeting was Linus Travers, Director of Commercial Productions of the Yankee Network and well known radio announcer at Station W. N. A. C.

Mr. Travers gave a very forceful talk and left with the members the thought that if you have something to sell be positive and go out and sell it and don't let the other fellow sell you.

### CHRISTIAN SCIENCE

Continued from page one

asleep in the cradle of infancy, dreaming away the hours."

**Knowing The Truth**  
Mr. Dunn called attention to the fact that two of the cardinal precepts of Jesus are: "Know the truth and the truth shall make you free," and "This is life eternal, that they might know Thee, the only true God, and Jesus Christ, whom Thou hast sent." Here the speaker emphasized the fact that this is a statement of life—that freedom and eternal life can be experienced as one knows the truth about God and His reflection, man.

"The Master did not promise deliverance and freedom to the one who merely thought about the truth, but to the one who knew the truth. Here really is the point of distinction between Mary Baker Eddy and the philosophers and thinkers who preceded and followed her. They may have glimpsed the spirit of the metaphysical aspects of being; but she perceived, that is, knew, the truth, and demonstrated that she knew it by solving both for herself and others all manner of human problems. She healed sickness, sin, appetite, lack, unhappiness, and human anguish as they have not been healed since the days of the Master and his apostles.

**Feeding Mental Hunger**  
"Some people at first seem reluctant to study the Christian Science textbook and the reason is not difficult to find: to gain the message of this book one must think! But after one has tasted the new-found joy of seeking spiritual unfoldment, he will feel spiritual and mental hunger if a day passes without some study of the Bible and Mrs. Eddy's works."

"The conquest over wrong thinking is going forward in

human consciousness as the individual is daily meeting and dealing with the arguments of the material senses; as he is learning to separate the gold from the dross, the genuine from the counterfeit, the Godgiven from suggestions and pictures of the carnal mind. When he refuses to give power or reality to fear, or pain, or discord, or appetite, because they belong not to God's good creation, and when he strives to bear witness to the presence and operation of being that is harmonious, joyous, and free, that which is called healing takes place. Probably never in recorded history was there a more wonderful moment in which to be living. Ours is the privilege of enlistment in a great army—that ever increasing host of right thinkers who are destined to carry the battle to the very gates of hell itself. Individual problems will be solved the more surely and speedily as we remove the eye-blinders and dark glasses which have kept our gaze riveted on our own personal disorders. Can one think only of himself when all mankind is crying out for deliverance and healing? Let us not forget that the Bible states that Job's problems were solved when he began to pray for his friends."

**"The Lights Are All Green!"**  
"A Christian Scientist once felt the need of calling her husband on the long distance telephone for a word of comforting and strengthening at a moment when the way seemed difficult. She said that the cloud lifted speedily when she heard him say, firmly and cheerily, 'Why dear, you know that you are on the King's highway and the lights are all green!' When, therefore, our progress seems to be halted by error's stop-signs, when discouragement or fear or condemnation would argue that we may have chosen the wrong road, if we lift our thought to the heal-

ing Christ, Truth, we may hear this heartening, comforting message: You are on the King's highway and the lights are all green! Go forward!"

A. R. MURRAY

Continued from page one

the man does not show the proper enthusiasm and interest so necessary to qualify a man as being PUBLIC SPIRITED."

Taking together with Mr. Sawyer's statement that special attention was given the board of directors of the Citizens' Committee to Mr. Fellows' vote getting ability before he received at the endorsement of the board it constitutes a severe indictment of the committee's methods of selecting candidates for endorsement. From Mr. Fellows' own remarks it is evident that he was drafted to run. Certainly the committee as a whole did not ask him to run. That we know. It is evident then that some select FEW from the ring who have constituted themselves as superiors in some way to the rank and file of voters in Arlington asked him to run.

"I might ask now why anybody should be asked to run. Are there not enough men willing and qualified to hold office in this town? Mr. Fellows says, 'I don't see why anybody wants the job.' Well, if Mr. Fellows doesn't want the job why is he running? The pressure of a FEW self interested persons should not be enough to persuade a man to run for the highest office in the town. There has been no demand for Mr. Fellows' service on the part of the Citizens of Arlington.

In this connection I want to make it plain now that I want the job. I want it because I believe that I am capable of handling it, and furthermore, I have the enthusiasm which the duties of the office require. I do not know whether there are any other candidates in the field besides Mr. Fellows and myself, but if there are it is my earnest hope that they are not to be drafted and that if they are to be they have not been lured into so doing by any promise that it would be a "walkover." I expect a "fight" when I took out my papers and I here and now promise that any and all candidates who may be my opponents will know that there has been a battle before the campaign closes. I think that a good, clean fight will do much to benefit the town. In this way only can the issues be disclosed and argued before the people of Arlington.

Believing that the public is entitled to the facts regarding all matter pertaining to town government and want a part in the selection of their own representatives, I trust that a majority of the voters of Arlington will endorse my campaign for a progressive, efficient and representative form of government.

Arthur R. Murray.

## Arlington High Meets Medford On Garden Ice

The Arlington High Hockey team goes on the ice of the Boston Garden tomorrow afternoon with slim chances of beating Medford. The Medford team has a big edge on Arlington and odds are greatly for the blue and white. Arlington is being represented this year by the poorest team to ever put on skates for the Red and Gray. No team in the history of Arlington High has gone five games and only won one. There has never been a team that has gone for three successive games without scoring a goal. Arlington has never beaten Medford while it has been a member of the Intercollegiate League and it is not expected that they will break the jinx tomorrow. It is hoped that Coach Charlie Downes might be able to pull something out of the bag and find a combination that might be able to give Medford a battle. The only hope will be a radical change and many will go into the Garden from Arlington to see an upset.

## Mrs. Gardella Is Buried Today

Lexington M. B.	2	1	687
Woburn Y. M. C. A.	1	2	334

version. He returns next month to Greece as a missionary to his own people. At the close of the service the ordinance of baptism will be administered. Everybody welcome.

GEORGE LOWE

Continued from page one

opinion of Dr. Eddie O'Brien, well known football official, was the greatest scholastic team ever developed. After one year at Lafayette College, he transferred to Fordham University Law School.

## His War Record

When the United States entered the War in April 1917, Mr. Lowe was at Fordham, captain-elect of the football team but left college in May of that year to enlist in the ambulance service of the army. His unit sailed in August and went to the front lines immediately for service with the French army.

Although a participant in all the major offensives of 1918 many times under heavy bombardment Mr. Lowe miraculously escaped injury until October 1, 1918 just after the start of the final push through the Argonne. While directing the evacuation of the wounded at Conde les Autres, he was badly wounded by machine gun fire and flying shrapnel.

For gallantry on this occasion the French government decorated him with the Croix de Guerre, and later the United States Government conferred upon him the decoration of the Purple Heart.

While convalescing in the hospital at Allery, he was commissioned a first lieutenant.

After the War he became affiliated with the Dartmouth College coaching staff, and is recognized as one of the outstanding college football officials in the East.

Mr. Lowe was married in 1920 to Miss Winifred A. Ryan, of Arlington, who died in 1929. He has one child, a daughter, Mary, eight years old.

## Active Locally

He is a member of the Arlington Post American Legion, Arlington Council Knights of Columbus, Arlington Lodge of Elks, and President of the Gridiron Club of Mass., and Arlington Post Veterans of Foreign Wars.

When interviewed regarding his candidacy, Mr. Lowe said, "upon consideration and in response to the urging of many citizens in all sections of the town, I have decided to become a candidate for selectman. I feel that I understand the needs of the town where I was born and lived. My only promise is to give my best efforts in solving the many pressing problems confronting the town."

"I wish at this time to thank the many friends who have tendered me their support and I solicit the consideration and support of all the citizens in Arlington."

## Mitchell in Fight

John E. Mitchell will be a candidate for the Board of Public Works. His friends and acquaintances feel that he is not only the logical candidate for the office, but particularly qualified for the work. His strength at the polls was manifested last year when in a four cornered fight he received the highly complimentary vote of 4000 votes.

For many years he has been associated with the home building industry of Arlington. He has directed the financing and building of over a million dollars worth of homes in this town. His work necessitates the knowledge of Public Works and improvements, and their relation to the tax-payer. Being a substantial tax-payer himself, he knows well the burdens placed on the public through lack of foresight on the part of officials. He has for years been advocating economy in public expenditures. He will bring to the board not only a practical business, but also an extensive executive training.

## Studied Extensively

He graduated from Boston College in 1916. Shortly after graduation he entered the Army and went to France in the A. E. F. At a later date the Government sent him to Leeds University, England for studies in Governmental subjects and political economy.

Following is the week's program at the Calvary Methodist Episcopal Church, Arlington. Morning Worship 10:45. Calvary Church Choir will render two anthems, "The Lord Is Exalted" by West and "As the Heart Thirsts" by Baines. For the sermon theme Dr. Shaw will use the significant title, "The Keystone of the Arch." A cordial invitation is extended to all residents of the town.

At the hour of evening service 7 o'clock in addition to the popular song service, Miss Marie Bartlett, dramatic reader of real ability will read, "The Finger of God," by Percival Wilde. ## Local Man Weds Medford Girl

The marriage of Charles W. Gosse, of 115 Rhinecliff street, Arlington and Alice M. Colby of 69 Albion street, Medford took place last Sunday, according to returns filed at the office of town clerk E. Caroline Pierce in Arlington yesterday.

The ceremony was performed by Rev. Harry Atkinson, pastor of Oakland Street Baptist church, Medford. The groom is the son of Mr. and Mrs. Moses Gosse and his bride is the daughter of Mr. and Mrs. Frank Colby.

## Mutual Savings Banks Paying Dividends At Present Time

An outstanding item among dividends received by the public in Massachusetts this month is the sum of more than \$18,000,000 paid to mutual savings bank depositors. Some of the 193 savings institutions pay a part of their earnings in January and

July, others in April and October. This year every bank making January payments will distribute dividends as usual. In 1932 the full year's payment was \$87,000,000.

It is an interesting fact that the state's mutual savings bank dividends are being maintained on a high level while investments of almost every kind yield diminishing returns. This is particularly true of investments which are so easily liquid as a savings bank account.

The Boston Clearing House Committee, following the lead of the New York Clearing House, has just reduced rates on demand deposits from one-half to one-quarter percent. In many large cities of the country, such as Chicago, only two and half percent is being paid on savings. Although accurate figures are not complete for 1932 the average savings bank dividend for the state will exceed four percent. As far as the typical depositor

in a Massachusetts savings bank is concerned the only effect of the depression upon his money has been a slight lowering of dividend rates, in only a few instances amounting to as much as one percent.

## Tuesday Nite Club Valentine Dansant

The Tuesday Nite club will open its 1933 season with a real old-time Valentine party and dansant at the world-famous Parker house, Boston, in the ballroom where countless other social successes have been held. The directors of the club feel pleased to announce this formal at such a wonderfully smart town hotel situated within easy access of the many subways and with ample parking space in the immediate vicinity.

The music committee announces the securing of that great orches-

tra leader, Nelson King and his Music Masters to furnish the music. The novelty committee will be on hand early with a large supply of favors, Valentines and noise makers.

Public vessels of three countries are allowed transit of the Panama Canal free. They are the United States, Columbia and Panama.

## CITIZENS' COMMITTEE LAUNCHES CAMPAIGN AT QUIET MEETING

At an unusually quiet meeting held in its new headquarters in Arlington Centre, last night the Citizens' Committee launched its campaign to put over a winning slate in the coming town election. About one hundred were present.

Presiding over the meeting, Charles M. Sawyer, chairman of the Citizens' Committee, struck the keynote of the campaign when he told those present that "they were out to work to elect Citizens' Committee candidates."

Chairman Sawyer outlined plans for the campaign and the precinct meetings to be held in the near future. In answer to the criticisms which have been hurled at the Committee because of its method of choosing candidates, Mr. Sawyer explained briefly how the candidates endorsed by the committee were selected. He said that the directors at full meetings had the names of all persons seeking office, along with their qualifications and vote-getting ability. All candidates were fully and freely discussed at these directors' meetings. In accordance with the by-laws of the Committee, the name of one person for each office was approved by the directors and was later offered to the Committee for discussion along with other names that might be presented. These names were voted upon by the Committee and now are being endorsed for election.

Any fireworks which might have been expected at last night's opening meeting failed to materialize and at least one member of the Committee expressed disappointment at the lack of much excitement.

"It's now up to you to go out and advertise our candidates," Mr. Sawyer urged his listeners. He then introduced various candidates whom the Committee is endorsing.

Introduced by the Chairman, J. William Fellows, who heads the ticket as candidate for selectman, said "We have a real scrap on our hands according to the local press and we'll have to co-operate and work hard to win next March." Referring to Mr. Fellows, the chairman said, "Our

candidate for selectman is not tied down to any one group or faction."

Arthur W. Sampson, candidate for the board of public works, was introduced and thanked the Committee for endorsing him in this campaign. Clarence A. Moore, running for re-election as Assessor, said it was gratifying to see the confidence which the Committee placed in him. Edward A. Bailey, Tax Collector who will again seek re-election pointed out that he had held the office twenty years and during that time there was a contest for the office only once when the old fashion caucus was in vogue. "I can't conceive of anyone being eager for the job today," he said.

Charles A. Hardy, candidate for re-election as treasurer, thanked the Committee for endorsing his name. John H. Wilson, candidate for park commissioner thanked the Committee and promised to do his utmost to fulfill the duties of the office if elected.

The committee will again meet at its headquarters next week, it was announced last night.

The Committee is composed of the following officers and precinct directors:

Charles M. Sawyer, 39 Highland avenue, chairman; Fred S. Douglas, 14 Plymouth street and Mrs. Charles A. Alden, 61 Rangeley street, vice chairmen; Ernest Hesse-Kline, Jr., 38 Russell street, secretary; Harry E. Baker, 95 Menotomy road, treasurer.

Directors: Precinct 1, J. S. Kelley, 27 Cleveland street; Precinct 2, John H. Wilson, 63 Milton street; Precinct 3, Mr. Ernest Moore, 361 Massachusetts avenue; Precinct 4, Earle C. Hopkins, 7 Randolph street; Precinct 5, Sven A. Lawson, 20 Amherst street; Precinct 6, George King Rugg, 44 Kensington road; Precinct 7, Michael A. Fredo, 9 Webster street; Precinct 8, Roderick J. Peters, 37 Lockeland avenue; Precinct 9, Frank W. Tucker, 23 Fairview avenue; Precinct 10, Edward W. Higgins, 78 Seltate street; Precinct 11, Robert M. Boyd, 25 Ronald road; Precinct 12, John M. Loud, 35 Menotomy road; Precinct 13, Donald W. Black, 7 Park avenue, North and Precinct 14, Edward L. Shinn, 74 Florence avenue.

Collar attached shirts were originally designed for sports wear but now are worn for business and dress by fully 60% of the men.

We launder some with no starch whatever, others with the collar starched to stand erect, but the majority of men like them with just enough sizing in the collar to prevent wrinkling in a day's wear.

We will launder your shirts according to your preference and they will look and feel right.

**Arlington Plays Fitchburg High This Evening**

The Arlington High Basketball team takes a long journey to Fitchburg, to take on that team tonight. Arlington's team has been more or less spotty and it is unknown just what to expect.

Arlington started the season fairly successfully, knocking off Tufts Freshman, Melrose, and Cambridge Latin. They were edged out of a victory by Chelsea and immediately turned the tables by beating Medford in the last thirty-five seconds. Belmont had also been defeated in the last minutes of play, but Somerville proved a Tartar and they were soundly thrashed. They came back again to take Everett for the well known ride. Cambridge Latin whom they had previously defeated were the hosts last Tuesday afternoon and passed out a decisive defeat to Arlington which not only eliminated Arlington from the Tech Tournament but proved that the locals have only a fair team, and that they are not living up to their early expectations.

Fitchburg has not one of its wonder teams of the years gone by, but they have a strong team and it will be a feather in the hat of the Red and Gray team if it can defeat the Finns. A victory will smooth over a season which has been a little short of disastrous after the Cambridge defeat. If Wright and Serretto are clicking a victory is possible.

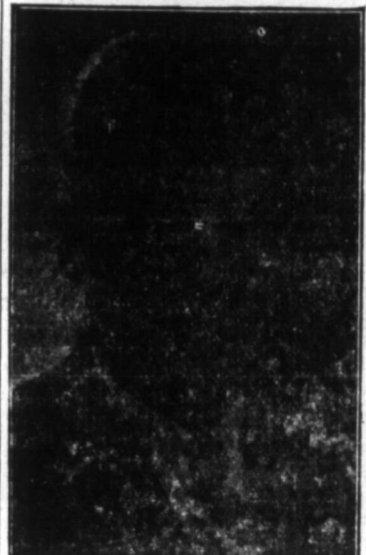

**Large Chorus Rehearses For Song Festival**

The mixed chorus which rehearses on Monday evening at the Arlington Unitarian church is increasing in numbers and enthusiasm. New singers are invited to come to the rehearsal and all are welcome, especially men's voices.

This group is preparing for the Song Festival which will be held in the Boston Opera House on Feb. 26th, is under the leadership of Arthur B. Keene of Lynn and is made up of Medford and Arlington singers.

**FRIENDS OF THE DRAMA TO PRESENT "TRIAL BY JURY" ON THURSDAY**

Over 35 Arlington people, one of the largest groups ever to take part in a performance of the Friends of the Drama, will join in the production of Gilbert and Sullivan's popular operetta "Trial by Jury", to be given at the Middlesex Sportsman's Club next Thursday evening at 8 p.m. Many features are promised for the evening, not the least of

IRWIN COWPER

which will be the appearance of Irwin Cowper, popular Boston Broadcasting Artist, who will be heard in the celebrated Lord Chancellor's song from "Iolanthe". Mr. Cowper has had wide experience in the Gilbert and Sullivan Operettas, having sung leading roles in three of the performances given at Boston University under the direction of Prof. Harry B. Center, director of the Gilbert and Sullivan Association at the intown institution. He has also been heard in several of the operettas given over the air.

Other features of the evening include an address by Professor Center on "Various Aspects of the Gilbert and Sullivan Operettas". During his talk, several scenes from favorite operas will be given, including numbers from "The Mikado", "Pinafore", "Patience", and "Iolanthe". Following this, a complete performance of the one-act opera, "Trial by Jury" will be presented. This little gem is one of the first operas of Gilbert and Sullivan, and contains a full measure of the celebrated wit, melody and satire of the so-called "heavenly twins".

The cast of "Trial by Jury" has been rehearsing for over a month and an excellent performance is anticipated. Principal players are

the following: The Learned Judge, Russell Hamlet; the Usher, Dr. David Kennedy; Council for Plaintiff, Arthur Sampson; Council for the Defense, Phillip Burt; Foreman of the Jury, Carl Fowler; the Plaintiff, Miss Helen Stinson; and Three Bridesmaids including Miss Dorothy Ring, Mrs. Phillip Burt, and Mrs. David Kennedy. The Defendant is sung by Charles E. Dockrill.

Gentlemen of the Jury include Creely Buchanan, Ernest Benishmol, C. Frederic Evans, J. Herbert Mead, Harold Yeames, John O. Matthews, William Larkin, Henry Gamester, John Hendricks, Hallem Ring and Richard Cromwell.

Women Spectators include Miss Roberta Bailey, Miss Mabel Steele, Mrs. J. Herbert Mead, Mrs. Edward Leonard, Mrs. George Tewksbury, Mrs. Ernest Benishmol, Mrs. Carl Fowler, Mrs. Oscar Schnitzer, and Miss Dorothy Ryder. The rehearsal accompanist has been Mrs. Louise Bacon Wood. At the performance on Thursday night an orchestra of fifteen high-school players will assist.

The entire program has been under the direction of Edward W. Center, who for six years was student musical director of the Gilbert and Sullivan Association at Boston University. He is the son of Prof. Harry Center who is the coach and director of that organization's yearly productions.

Those who will assist during Prof. Center's address will be Miss Elizabeth Davis and Charles Seibel, who will sing "Yum-Yum and Nanki-Poo" respectively in a duet from the "Mikado". Miss Dorothy Pluta, former Arlington High student, will be heard in Buttercup's song from "Pinafore", and Mrs. William Brooks will render Lady Jane's song at the opening of the second act of "Patience".

Because "Trial by Jury" is the first attempt by the Friends of the Drama at a musical production, a record crowd is expected to turn out. Members have been asked to bring guests, and friends of those taking part are expected to attend.

**People know it..**

**Chesterfields are Milder**

**WHEN** you ask a Chesterfield smoker why that's his brand — he generally comes right out flat-footed and says... "It's because *They're Milder!*"

So we're going to keep on doing everything we know how to keep them that way.

That's why we look for and buy the mildest and ripest tobaccos we can get. That's why we age them in our warehouses till they're mellow and sweet.

We believe that even the shredding of the tobacco... and the quality of the paper it's rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields.

You can bank on this... every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies.
